

# My Favourite Family Member

4C Lui Chung Yin, Noddy

My favourite family member is my mum.  
Her name is Mary. She is fat and short. She has  
two big eyes. She has a big nose.

She is the bravest person in my family,  
because she is not afraid of spiders. She is the  
most hard-working person in my family, because  
she does housework every day. She always gets  
up at six o'clock. She is good at cooking. She  
sometimes plays football with me.

I think she is the best mum in  
the world because she always  
takes care of me.
