Today was my birthday. I held a birthday party at my house. Kitty, Joe and Peter were invited. They are my best friends. Uncle John came here too!

When they arrived at my house, we played badminton, computer games and flew kites.

Next, we ate lots of food. We ate macaroni with seafood, tomato salad, chicken wings and a big birthday cake. The food was yummy! Mom prepared all the food.

I got a lot of presents. I got a teddy bear, a doll and a ball. I was very happy and thanked everyone.

Finally, they left. I felt tired. It was because I had played games for a long time today! But I was very happy!
