

# Hong Kong - Today

4C Cheng Nga Man, Yuko

Today, Hong Kong is beautiful, clean and small.

In Hong Kong, people eat a lot of food such as Japanese Food, Chinese food, Indian food, and French food. We can live in housing estates and buildings. We can travel to other places by bus, MTR, plane, LRT and taxi. I often go to other places by bus. In summer, a lot of girls wear skirts. When you feel cold, you can wear a jacket. We can play chess, electronic games, hide-and-seek.

In Hong Kong we can watch a lot of cartoons too. I like Hong Kong because it is very clean here.
