

My Birthday Party

4A Kelly Cheung

Today was my birthday. I had a birthday party from two o'clock to five o'clock at home. Kitty, Peter, Joe, Uncle John and Aunt Mary came to my party.

Before the party, my mum made a birthday cake and bought a lot of food to celebrate my birthday. My father put some balloons on the wall for decoration.

During the party, we had a lot of delicious food. There was a birthday cake, ice-cream, French fries, cookies, chips, sweets and Coke. We sang a birthday song, played games and sang karaoke together.

I was very happy, because I am ten years old and the food was very delicious!
