

Hong Kong Today

4B Kelly Wong,

Hong Kong is a good city. It is beautiful, wonderful and modern.

Hong Kong people like to eat Chinese, Japanese and American food, such as egg tarts, dim sum, sushi, sashimi, fries and hamburgers. Hong Kong people live in tall buildings. Hong Kong people travel to other places on foot, by car, by bus or by taxi. Hong Kong people wear T-shirts, skirts, jeans and coats. During their leisure time, children play NDS, PSP Gameboys, computer games, watch TV and play football.

I like Hong Kong, because it is a busy and modern city. I like Hong Kong very much.
