

My Diary

4B Oscar Law

1st December, 2010

Today is my birthday. I had a party at home. My birthday party started at two o' clock and the party end of five o'clock. Kitty, Peter and Joe come to my party. I got lots of presents. They were teddy bears, toy cars, toy planes... I had many presents, yeah!

In the party, we ate and did many things. We ate vegetable salad, sushi, jelly, soup noodles with dumplings... Oh! We were so full, so we did other things, like playing football and TV games. Today was wonderful.

Today I was happy, because I could celebrate my birthday with my friends.
