Dear Polly,

How are you? My name is Mandy. I am ten years old. I live in Tuen Mun. I am the youngest person in my family. My family members are my mother, father and aunt. My mother is sociable, because she likes talking. My father is brave and he is the strongest person in my family. My aunt is very kind because she does not shout at me. I like my family.

I often play basketball in the park with my aunt. I seldom do crafts at home with my mother in the afternoon. And I sometimes play badminton in the playground with my father.

I am very happy to be your friend.

Write soon.

Love,
Mandy
